

IDEA Workshop Characterization & Categorization of Fragrance Allergens

September 23-25th, 2014

Château du Lac
Avenue du Lac, 87
1332 Genval, Belgium
Tel: +32 (0)2 655 71 11, Fax: +32 (0)2 655 74 44

Final Program

Tuesday, September 23rd – Welcoming

- 16:00 -18:30 Welcome and registration
- 18:30 - 21:30 Standing buffet (Château du Lac, Grand Salon du Lac)

Wednesday, September 24th (09:00 to 18:00) – Day 1 (Geneviève plenary meeting room)

- 09:00 - 09:15 Workshop opening – *Hans Bender and Matthias Vey*

First session – Relationship between contact allergy and the diagnosis of allergic contact dermatitis

- 09:15 - 09:45 The usefulness of clinical data and the concept of clinical relevance
Speaker: Jeanne Duus Johansen
- 09:45 - 10:15 Understanding the link between contact allergy and allergic contact dermatitis,
definition of a concept of clinical relevance
Speaker: Thomas Diepgen
- 10:15 - 11:00 Moderated discussion
- 11:00 - 11:15 Coffee break

11:15 - 11:45 How to design meaningful studies to improve data collection (by reducing uncertainties associated with patch testing, including false positives and negatives), to feed the risk assessment and management process and provide information about the effectiveness of risk management interventions
Speaker: Magnus Bruze

11:45 - 12:45 Moderated discussion

12:45 - 1:45 pm Lunch

Second session – Fundamental data basis for characterization and categorization of allergens

13:15 - 14:00 Identification of an allergen by non-clinical pre-tests (historical animal and human data and existing and future tools of alternatives to animal testing) for the characterization of allergens
Speaker: Graham Ellis

14:00 - 14:35 Possible genetic controls of differing susceptibility to skin sensitisation - experimental evidence
Speaker: Peter Friedmann

14:35 – 15:15 Identification of an allergen and identification of possible genetic predispositions by clinical data
Speaker: Axel Schnuch

15:15 - 15:30 Coffee break

15:30 - 16:00 Understand the differences of prevalence of skin sensitization which might be caused by consumer habits (e.g. in US vs. Europe)
Speaker: Don Belsito

16:00 - 17:00 Moderated discussion

Conclusions of Day I

17:00 – 17:30 Preliminary progress report
Speaker: Rapporteur of the workshop (Ian White)

End of Day I

19:00 – 22:00 Dinner (Château du Lac, grand Salon du Lac)

Thursday, September 25th (09:00 to 16:30) – Day 2 (Geneviève plenary meeting room)

09:00 - 09:15 Wrap-up of Day 1 and confirmation of WGs for day 2

Third session – Improve the dialogue between the Industry and the Dermatology Community

09:15 - 09:30 Feedback from the Communication TF and outlook into the future

Speaker: Peter Griem and Nicola Gilmour

09:30 - 09:45 Moderated discussion

Fourth session – Characterization and categorization of allergens

09:45 - 10:15 Toward a meaningful system for the characterization and the categorization of allergens

Speaker: David Basketter

10:15 – 10:45 Moderated discussion

10:45 – 11:00 Coffee break

Fifth session – Working groups discussion

11:00 - 13:00 The participants will be subdivided into three working groups:

Meeting Room Theme

Geneviève Working group 1 – How to design a clinical study to assess the effectiveness of QRA and to develop a procedure for dealing with clinical alerts

Working group Rapporteur: Peter Friedmann

Participants: Anne Marie Api, Don Belsito, Magnus Bruze, Peter Cadby, Gaetano Castaldo, Thomas Diepgen, Petra Kern, Linda Loretz, Hans Merk, Marc Pallardy, Matthias Vey

Boardroom B Working group 2 – What are the criteria for allergens of major, moderate, minor and potential concern including patch test data

Working group Rapporteur: Jeanne Duus Johansen

Participants: David Basketter, Graham Ellis, Federica de Gaetano, David Gawkrödger, Fred Lebreux, David Lovell, Stefan Martin, Jean-François Nicolas, Florian Schellauf, Axel Schnuch, Ian White

Boardroom C	Working group 3 – Communication <i>Working group Rapporteur: Nicola Gilmour</i> <i>Participants: Klaus Andersen, James Bridges, Peter-Jan-Coenraads, Tony Gaspari, Cécile González, Peter Griem, Etje Hulzebos; Sylvie Lemoine, Scott Schneider</i>
13:00 - 13:45	Lunch
13:45 - 15:00	Presentation of the conclusions / recommendations of the working groups
15:00 - 15:15	Coffee break
15:15 - 16:30	Conclusions of the workshop and next steps
16:30	End of Day 2 and workshop closing
